

World's Greatest
1000  Creation Scientists
2000

HENRY M. MORRIS, JR.

Geology
Hydrology **1921 - 2006**

“Father of the modern creationism movement”

- Author of over 50 books on science, creation and Christian apologetics
- Founder of the Institute for Creation Research and ICR Graduate School
- Defender of the veracity of God’s Word in science as well as theology

“Dr. Henry M. Morris is not just a scientist, scholar, Christian apologist, and prolific writer. He is all that and more. To those of us who know him well, he is a meticulously accurate student of the Scriptures. God has endowed him with mental genius.”

– Tim LaHaye, Author, Educator, Minister

“The modern world is desperately in need of God’s own wisdom with respect to the purpose and meaning of true science. The Bible will be found not only to reveal a thoroughly modern perspective on the real facts and principles of science but also to provide wisdom and guidance concerning its proper role in human life and in the eternal counsels of God.”

– Dr. Henry Morris
