

STATEMENT OF FAITH

Creation Safaris™ subscribes to the fundamentals of the historic Christian faith “once for all delivered to the saints” (Jude 3), including:

- The verbal, plenary inspiration of Scripture
- The trinity: one God in three persons
- The deity and humanity of Jesus Christ
- The virgin birth of Jesus Christ
- The bodily resurrection of Jesus Christ
- The literal second coming of Christ
- The universal sin of mankind
- Salvation in Christ alone by grace through faith

In addition, Creation Safaris believes the following about the Biblical doctrine of creation:

- Creation ex nihilo by the triune God
- A recent six-day creation (not millions of years ago)
- A literal Adam and Eve and Garden of Eden
- A literal serpent, temptation, and fall into sin
- A world-wide flood in Noah's day
- Horizontal variation in living things, but no upward evolution

Note to participants

You do not need to subscribe to this Statement of Faith to come on Creation Safaris; you do not even need to be a Christian. We welcome anyone to come and learn our point of view, which we feel is much more satisfying and invigorating than skepticism or any other religion or philosophy. We do ask, however, that you understand that this Statement is the foundation of our beliefs and teachings, and we also ask that if you come, you join in the educational and worship activities that are a central aspect of Creation Safaris.
